We had made a request for \$1,000.00 to be used for various garden supplies. As the attached picture indicates, our garden is looking amazing. Next week we will be picking tomatoes, beets and carrots will join the broccoli as the harvesting picks up. To date, we have picked 32 pounds of vegetables - BROCCOLI, CARROTS, KALE, LETTUCE PEAS, RADISH, BEET GREENS and RHUBARB. We also planted pole beans, asparagus and peas.

This year we installed a shed to be used for planting seeds and storing equipment. Because we received many donations this year, we have not spent your grant money. However, we have placed an order to buy windows that we will install in the shed. At this time, we do not have enough light and need the natural light to work. We also plan to use your grant money to buy wood to make one more raised bed. It will be 2 X 12 DOUGLAS FIR, ONE LEVEL, EITHER 13 X3 OR 14 X 2. Lastly, we would like to buy organic fertilizer with any remaining funds.
